

WHAT DO WE CALL YOU ?

As part of the national harmonization of this trade, there is a lot of activity related to "Red Seal" training. One piece is the request for a name change for the trade so that qualified and trades licensed technicians can be called/designated the same in all provinces. In Ontario for instance, you may be an Automotive Painter or an Autobody and Collision Damage Repair Technician, while in other provinces you might be an Automotive Refinishing Technician or a Motor Vehicle Body Repairer (Metal and Paint).

This is your chance to have your voice heard.

Do you agree with the following?

Automotive Painter (in Ontario and Canada) would now be called Automotive Refinishing Technician

Auto Body Collision Repair Technician(in Ontario) and Motor Vehicle Body Repairer (Metal and Paint) (in Canada) would now be called Auto Body and Collision Technician

Send us a note at info@ciia.com and we will take your recommendations(or any new/different suggestions) to the Red Seal folks.

"To represent the best interests of the industry, providing opportunities for growth for environmentally sound, profitable businesses, having trained professionals serving the public"
