Estimator Tip

All Three CCC, Mitchell, Audatex- Pre wash and Completed vehicle detail/ clean up.

Vehicles may require a pre wash prior to starting repairs to remove contaminants, dirt, grime, debris. This process is NOT INCLUDED in Information provider's labor times.

After repairs are complete, final wash, detail and cleanup of the repair process is NOT INCLUDED in labor times.

Both process's would require an on the spot evaluation of appropriate material cost and labor.

DEG

The Database Enhancement Gateway (DEG) helps improve the information in collision repair estimates by crowdsourcing feedback about vehicle-specific errors, omissions and inaccuracies in the database and labor times.

Learn how the DEG works to address your questions and process your inquiries until they reach conclusion.
