INSURANCE. IN PERSON™

Our business is knowing your business.

### Membership has it privileges!

Canada Brokerlink (Ontario) Inc has developed a specialized, cost effective **AUTOBODY INSURANCE PROGRAM** for members only of **ciaa.com** and its affiliates.

At Canada Brokerlink, it's our job to know our clients inside and out. As far as we're concerned, insurance is simple: the more we understand your business, the better we can protect it.

Comprehensive insurance solutions require an extraordinary insurance brokerage: one that digs deeper, sees further and pays relentless attention to detail.

Listen to the comments of your fellow members that have taken advantage of the insurance program:

*"The quote for commercial insurance coverage received through our membership with ciiia.com was over eight thousand dollars less than my broker was quoting me for the same coverage. A savings of over \$8000 per year for my shop is a significant value and advantage for me"* - Mike Wilson, Wilson Collision, Cobourg

*"The quote from my trade association's vendor for insurance coverage for my business was thousands of dollars cheaper for better coverage. I was really pleased that my association could save me that kind of money"* - Tony Nigro, Wentworth Collision, Hamilton

**The expertise of a large brokerage. The personal service of a community office.  
Canada Brokerlink - Experts in Autobody Insurance. Make us your choice today.**
