

AIRBAG SYSTEMS TRAINING IN LONDON January 9, 2012

Your Ontario-wide collision repair trade association is pleased to be able to support air bag training in London, Ontario in co-operation with the Automotive Aftermarket Retailers of Ontario.

This 6:30 pm start, January 9, 2012 program is being held at Clarke Secondary School, 300 Clarke Road, London. Dinner is included.

Air bag systems have grown in complexity over the last few years from simple air bags in the steering column to sophisticated systems with side curtain air bags, rear seat air bags, seatbelt pretensioners and in many cases require additional sensors such as passenger seat sensors and discriminating sensors. This class will cover operation and diagnosis of these systems.

Association member class fee is \$115.00 plus HST. Non –members can attend but a surcharge fee applies.

To register, please contact the office at 1-866-309-4272
